Joint Staff/Mission Specific Training

- HCL - JMITC/JIVU conducts specific intelligence training
  - Planning, Collection, Analysis, Production, Dissemination, Operations, Targeting
  - Defines level of competencies at functional manager level
  - Delivers DDQC training
- DAE - oversees deployment training
  - Validates training meets requirements levied by requesting COCOMs
  - Ensures individuals are qualified and ready to deploy
  - Schedules and monitors the Individual Protective Measures Training Program and Rifle and Pistol Qualification Requirements
- Functional Directorates provide mission specific OJT
  - APTF personnel: Area familiarization/cultural training
  - Directorate for Analysis: “Right seat” in Iraq Intelligence Cell
- DIA has JPME billets (CGSC/War Colleges/JAWS/etc)

Current State – No Joint Qualification Program

Thoughts on COIN/IW

- Should/Is there be a COCOM-led COIN/IW Exercise?

- Does Agency training need a specific block to instruct COIN/IW or should it be woven into existing training programs?
  - Mission vs Larger Skill Set
  - One Agency perspective – intelligence support remains static; DIA will/can/does change force make-up to enable conventional and unconvential/irregular missions, but the application of analysis and collection remains static

Training Requirements are Dynamic and COCOM Specfic
